Tips on Privacy, Identity & Online Security

YOUR SECURITY IS OUR HIGHEST PRIORITY, here are a few tips:

If it's too good to be true, chances are it's a scam! Each year, criminals come up with new ways to steal your money and personal information. These scams can play on your emotions and your desire to help 'someone' in need. Fraudsters may do any of the following to obtain your personal information/identity:

- Send you an email from what seems like a legitimate business;
- Ask for personal information and then use it to steal from you;
- Say you need to pay more taxes;
- Pretend to be a kidnapper, saying you need to send money to keep everyone safe;
- Promise you a high-limit, preapproved credit card if you pay processing fees.

Asked to pay by gift card? Don't! You receive a call from an unfamiliar number and it's someone saying that they're the IRS, a debt collector, tech support or a family member in need of money. Sound familiar? They tell you you'll need to put money on a gift card, give them the gift card number and pin and just like that, your money is gone and untraceable. Anyone demanding payment by gift card is a scammer.

Count on the people you know to help with your financial needs

Our Mission:

Dawson Co-op Credit Union's mission is to be a leader in the community, while being the primary financial institution of our members.

Our Vision:

Dawson Co-op Credit Union is a member-owned, nonprofit financial cooperative. A cooperative is an association of people who voluntarily join together to meet their common economic, social, or cultural needs, and aspirations through a *jointly owned* and democratically controlled enterprise. As a financial cooperative, we share these principles and add a few of our own such as service to members and building financial stability.
