# *Financial Wellness: Empowering Youth to Save*

***Did you know? Studies show U.S. Youth struggle with understanding financial concepts and applying them to real -life financial situations? Here are a few tips on how to empower the importance of saving early on.***

- ✓ Open up a savings account for your child. Even at an early age, studies show that financial account experience along with financial education can shape a young person's habits that can last a lifetime.
- ✓ Talk to your child about the importance of saving. In-home activities such as saving money in a piggy bank, giving them an allowance, and allowing/guiding them when making purchases.
- ✓ Read together! You may already read together, but why not incorporate building their money skills while you read. After all, their financial wellness as they grow is an important concept and starting them at an early age will help them gain the knowledge earlier in their life. It's a win, win for you and for them! For more information, go to <https://www.consumerfinance.gov/consumer-tools/money-as-you-grow/bookshelf>.
- ✓ Sign up for messages about Money as You Grow: go to <https://www.consumerfinance.gov/consumer-tools/money-as-you-grow/>.
- ✓ Stop in at one of our branch locations and open up a savings account with us today! You'll be happy you did and your child will learn the benefits of saving!

### **Our Mission:**

Dawson Co-op Credit Union's mission is to be a leader in the community, while being the primary financial institution of our members.

### **Our Vision:**

Dawson Co-op Credit Union is a member-owned, nonprofit financial cooperative. A cooperative is an association of people who voluntarily join together to meet their common economic, social, or cultural needs, and aspirations through a *jointly owned* and democratically controlled enterprise. As a financial cooperative, we share these principles and add a few of our own such as service to members and building financial stability.
