

Consider Direct Deposit

- Eight out of 10 taxpayers get their refunds by direct deposit.
- Direct deposit is simple, safe and secure.
- 98 percent of all federal benefits are made by direct deposit.
- Direct deposit also saves you money. It costs the nation's taxpayers \$1 for every paper refund check issued, but only about a dime for each direct deposit made.

Contact DCCU for more information how you can take advantage of Direct Deposit.

What is Direct Deposit/Direct Payment?

Direct Deposit is a convenient option available that can be described as a deposit of funds directly into your credit union account, by means of electronic funds transfer, or other means where it is initiated by the payer not the payee. The funds are transferred directly to the credit union through a payment system.

Direct Payment is a convenient option available that is a withdrawal of funds directly from your credit union account, by means of electronic funds transfer, or other means.
